8. Academic Policies and Procedure

Attendance Policy

Continuous and consistent classroom attendance requirements exist to provide the student with a well-rounded scope of the course material as well as the essential hands-on experience that is crucial to the mastery of the subject. Students' regular attendance demonstrates to their peers and teachers that they maintain a solid commitment to their education.

Minimum Standards

The following attendance standards are required:

A student enrolled as an F-1 Visa student is required by law to complete 18 classroom hours each week. 80% cumulative attendance in the classroom

Failure to meet the attendance standards may result in dismissal or termination and loss of visa status.

Late Arrivals and Early Departures

Each instructor will track classroom attendance to the nearest quarter of the hour. If a student arrives more than fifteen minutes past the commencement of class or leaves more than fifteen minutes early, they will be marked late (L) and the time will count against the 80% cumulative requirement. The time missed will count against the 80% cumulative requirement. Receiving "L" four times is equal to one full absence. If a student arrives more than thirty minutes after class commences (or departs more than thirty minutes early), one absence will be recorded and the instructor may disallow entry into the class.

Breaks

A student's period of attendance at NYGC is measured according to commonly accepted academic standards. A clock hour is based on an actual hour of attendance (though each hour may include a 10-minute break).

In accordance with BPSS and accreditation standards, NYGC is not permitted to count more than one clock hour per 60-minute period. Therefore, NYGC instructors must provide a 10-minute break for every 50 minutes of instruction. The total break time may be dispersed throughout the class session (not to exceed 20 minutes) at the discretion of the instructor, but it must not come at the start time or end time of the class session.

Excused Absences

NYGC does not allow excused absences. All absences are treated the same and all students must maintain 80% cumulative attendance to stay in good standing.

Probationary Status for Attendance

A probationary status will be given to students who fail to meet the 80% attendance requirements for the course. Students are required to meet immediately with the Academic

Director/Academic Council Executive to develop a learning action plan in order to reach the 80% attendance requirement within 90 days.

Consecutive Absences

Absences exceeding ten (10) consecutive class days not authorized with the proper documentation will lead to termination.

Dismissal

A student who has been dismissed for any attendance-related reason detailed above may retake the course the next session only when authorized with written permission by a school Director.

Documentation

Instructors are responsible for the proper daily maintenance of the class attendance register. The attendance register is kept at the school at all times. In the event that a substitute teacher is used, the substitute must initial the day's attendance.

Attendance will be taken in the following manner:

1. Approximately ten minutes after class begins
2. Approximately ten minutes before class ends

Instructors document student attendance and punctuality on a daily basis on a course attendance sheet. Within this chart, instructors have six options from which to choose:

- P – present
- A – absent
- L – late (student is more than 15 minutes late or leave more than 15 minutes early)
- H – holiday
- D – dropped(decided upon SEVIS code—Unauthorized Withdrawal)
- M – make up

Instructors must make the entries in hard copy attendance registers for each class in ink. Instructors shall initial, in ink, the attendance register daily to attest to its accuracy. At the end of the course the instructor must sign and date a verification of the instructor by oath or affirmation of the accuracy of the attendance register.

School Closures

Students will not be given attendance credit during school closures for holidays and school breaks as well as weather or other unforeseen reasons. Under abovementioned circumstances, the courses will be extended accordingly.

Add/Drop Forms

Students who enter the class after the start date of the course will be required to bring a Student Add Form to the teacher in order to be added to the attendance register. No student may be added to the register without this form completed by the Academic Director or designated Academic Council Executive. For dropped students (decided upon SEVIS

code—Unauthorized Withdrawal), a Student Drop Form must be completed by the Academic Director or designated Academic Council Executive and given to the teacher to document the student’s last date of attendance on the attendance register.

Student Sign-in Sheets

If the attendance register is not available, a student sign-in sheet may be used, but only during the first week of instruction. Student sign-in sheets shall be prepared by the teacher and contain all of the following information:

- the room number, schedule course name, the time and date of each class,
- a daily record of attendance for each student which shall identify each student as “present” (P), “absent” (A), or “late” (L),
- the name and signature of the instructor for each class with a verification of the instructor by oath or affirmation of the accuracy of the attendance register.

Each course's assessment materials are designed to measure a student's mastery of the course's student learning outcomes. The examinations, tests, assignments that will constitute assessment materials are course-specific and are listed on each course's syllabus.

If the work is not completed within one week students will receive no credit. Due to rolling enrollment, students entering before the midterm but after the start of the course will not be penalized for missed work.

Satisfactory Program Progression

Students are placed at the advisement of the Academic Council using the State Education Department approved *Cambridge English Unlimited Placement Test*. Placement is made in accordance with prerequisite Cambridge score requirements for each course.

Following initial placement, students will select courses with the advisement of a School Agent and the Academic Council that meets their learning goals and needs. Intended student program progression will be dependent upon satisfactory student achievement within their registered course.

The *Cambridge English Unlimited Placement Test* is used in conjunction with satisfactorily completed course final grades to facilitate and approve student advancement through the NYGC program. The satisfactory progression of students within and through levels is overseen by the Academic Council, Assessment Coordinator, and Academic Director.

Upon satisfactory completion of a course a student may elect to remain within the level of their study with approval from and advisement of their teacher and the Academic Council. A student may elect to progress to a new course within the current level in order to further develop level specific skills.

Upon satisfactory completion of a course a student may elect to advance to a higher level course of study. Each course's prerequisite is outlined by according to each course syllabus and/or course curriculum. To advance in levels, the student may also retake the *Cambridge English Unlimited Placement Test* administered by the Academic Council.

A certificate is given to each graduate in confirmation of satisfactory program completion.

Student Evaluation

Upon completion of a course, the instructor will complete a Student Evaluation Form for each student. This form evaluates the student in all four skills (reading, writing, speaking, and listening) as well as instructor comments regarding strengths and weaknesses of the student related to the student learning outcomes of the course. Once the instructor has filled out the form, he/she passes it to the Academic Director or designated Academic Council Executive who then makes a level recommendation for the student when they return from a leave of absence. Student Evaluations are aggregated semiannually for evaluation of course objectives and outcomes. After the Student Evaluation Report is created, the forms are maintained in the individual student files and the report is kept in hard copy in the Academic Office and in digital form on the school server.

NYGC also requires students to take a national recognized external proficiency exam "I-TEP" as an exit test when they leave the institution. For any reasons that student cannot take the exam, student will sign an opt-out form.

NYGC does NOT accommodate or arrange living houses or apartments as well as dormitories to international students by itself or at the campus.

Security and Safety

New York General Consulting is concerned about the safety and welfare of all campus members and guests and is committed to providing a safe and secure environment. Because no campus is isolated from crime. NYGC has developed a series of Policies and Procedures that are designed to ensure that every possible precautionary measure is taken to protect persons on campus. Although we have been fortunate not to experience a significant number of serious crimes, we realize that crimes of all nature do exist. In order to reasonably prevent such incidents, a competent and trained school administration office is present. Nevertheless, faculty, staff and students are responsible for following a number of measures to ensure that they and their possessions are adequately protected.

At NYGC safety is a primary consideration in the maintenance, grounds-keeping and lighting of the campus. The administration office also works closely with the International Student Office and the building management to ensure that safety policies and procedures are uniformly executed and conveyed in a clear and consistent manner to the institution's students, faculty and staff.

The Administration Office is located 37 West 26th Street 5th floor. The Office aids in enforcement of federal, state and local statutes and the institution's regulations.

The Administration Office is responsible for law enforcement, security and emergency response at the institution. It is also responsible for providing support services such as:

1. Testing and maintaining all fire prevention equipment and alarms
2. Helping inspect buildings for safety compliance. Enforcement of state and federal statutes
3. Enforcement of state traffic violations

To report a crime or emergency, call 911 or contact the Office at 212-268-6262. The Office maintains a close working relationship with all appropriate law enforcement agencies and elements of the criminal justice system. Numerous efforts are made to advise members of

the campus community in a timely basis about campus crimes and crime-related problems. The institution encourages its faculty, staff and students to report any crimes and suspicious activities immediately.

The institution's building is accessible to members of the campus community and to guests and visitors during normal business hours, Monday-Friday, and for limited designated hours on weekends during periods of time when the school is in normal operation.

Public Safety policies and procedures, especially regarding locking individual rooms, building entrances and related precautions are discussed with participants in crime prevention seminars, in routine floor meetings conducted by the building management and in printed materials which are posted and distributed by the school

The institution's students have a right to live in an environment free from sexual harassment and/or assault. If a student experiences any circumstance that can be interpreted as a sexual offense, that student should report the situation to the school campus security authorities. In this case, campus security authorities may be located in the Administration Office or in the International Student Office. The student also has the option to notify the proper law-enforcement authorities and the option to be assisted by campus authorities in notifying such authorities.

Procedures for on-campus disciplinary action in case of an alleged sexual offense shall include a clear statement of the following: 1) the accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary proceeding. 2) Both the accuser and the accused shall be informed of the outcome of any campus disciplinary proceeding alleging a sexual offense; 3) Possible sanctions for sexual assault include, but are not limited to the following; a) fines, b) disciplinary probation, c) expulsion.

The possession, use, or sale of firearms, ammunition, fireworks, major or minor explosives or any legal weapon is forbidden and subject to school discipline as well as to criminal sanctions.

20. Student Complaint/Grievance Procedure

It is inevitable that students will sometimes disagree with faculty decisions regarding grades, instructional techniques, advising, course content and classroom experiences. Students with concerns regarding any of the aforementioned are provided with the following grievance process:

Grievances Regarding Grading:

Each course syllabus must clearly delineate the grading process in a course. The weight given to each assignment should be reflected and adhered to consistently in the class. Students should receive clear instructions regarding the requirements for successful completion of the course, i.e., on what basis would a student not receive a passing grade.

If a student receives a grade that he or she believes does not reflect his or her performance in a class, he or she has the right to meet with the instructor to discuss the grading process. The student should be prepared to present evidence of work completed in the class. If, after meeting with the faculty member, the student reasonably believes that he or she has still been graded unfairly, she should meet with the Academic Director to discuss his or her grievance.

The Academic Director should consult with the faculty member to determine if there is sufficient evidence (grades on all assessment materials, copies of all written assessment materials, etc.) to substantiate the grade received by the student. Once the Academic Director consults with the faculty member she/he should make a decision to either uphold the decision of the faculty member or to ask the faculty member to reevaluate the student's grade on the basis of the review.

The decision of the Academic Director will be final. The Academic Director will issue a written response of disposition to the student and faculty member.

Grievances regarding grading should be filed within one week of the students' receipt of a final course grade.

Grievances Regarding Course Requirements:

Course syllabi should reflect all course requirements. Course requirements must be directly related to the course objectives and student learning outcomes of the approved curricula.

Students must not be required to complete any requirement that could prove injurious to their physical or mental health. Any student who believes that he or she is being required to complete and/or adhere to unreasonable requirements should voice his or her concern to his or her instructor.

If, after meeting with a faculty member, the student maintains that the course requirements are inappropriate with respect to the course objectives and student learning outcomes, the student should voice his concern to the Academic Director.

The Academic Director must meet with the student and the faculty member to discuss the student's grievance. The Academic Director should give due consideration to the student's grievance and speak with other students in the class, if necessary, to determine the validity of the claim. If the Academic Director he or she should begin an official process of curricular revision under the guidelines of the Bureau of Proprietary School Supervision.

Grievances Regarding Classroom Atmosphere:

The classroom should reflect an environment where teaching and learning occur in a cooperative fashion between students and the instructor. Use of profanity or sexist or racist characterizations, or sexual harassment will not be tolerated. Disruptive behavior, including talking during presentations and lectures will not be tolerated. Faculty members are required to conduct themselves in a professional manner at all times. Students are expected to conduct themselves in a respectful manner throughout the class period.

If a student believes that the classroom atmosphere is inappropriate or improper as defined herein, he or she should share his or her concerns with the faculty member. If the faculty member does not address the student's complaint in what he or she considers a satisfactory manner, the student should submit a written grievance report to the Academic Director.

The Academic Director should give due consideration to the student's grievance and speak with the faculty member and other students in the class, if necessary, to determine the validity of the grievance. On the basis of the investigation, the Academic Director will render a decision. The Academic Director will issue a written response of disposition to the student, the faculty member and the department director.

Grievances regarding inappropriate classroom conduct should be filed before the end of the session in which the alleged inappropriate behavior occurs.

Grievances Regarding the Advising Process:

Students are assigned academic advisors upon first week enrollment and have a right to effective advising throughout their matriculation. Academic advisors are required to provide accurate and timely information regarding course and graduation requirements, as well as academic support programs for their advisees.

If a student believes that he or she is not receiving adequate advising he or she should bring his or her grievance to the attention of the Academic Director. The Academic Director, in consultation with the advisor and the student, will evaluate existing options for the student.

The Academic Director will issue a written response of disposition to the student and her department director.

Grievances regarding the advising process should be filed as soon as the student believes that he or she is or has been ineffectively advised.

Other Grievances:

If a student has grievances regarding administration and/or other matters, the student should bring his or her concerns to the School Director in writing. The Director will take the appropriate action to resolve the complaint. The Director will substantiate any appropriate documentation, make a final decision, and notify the student in writing within two weeks.

If students are not satisfied with the Director's action, students can write to:

21. Disclosure

The school reserves the right to make any changes in faculty, tuition and class schedules, with the approval of the State Education Department. NYGC reserves the right to cancel any program. Prior notification will be made to students regarding the cancellation and rescheduling of the program.

The student should be aware that some information in the catalog may change. It is recommended that students considering enrollment check with the school director to determine if there is any change from the information provided in the catalog. In addition, a catalog will contain information on the school's teaching personnel and courses/curricula offered. Please be advised that the State Education Department separately licenses all teaching personnel and independently approves all courses and curricula offered. Therefore, it is possible that courses/curricula listed in the school's catalog may not be approved at the time that a student enrolls in the school or the teaching personnel listed in the catalog may have changed. It is again recommended that the student check with the school director to determine if there are any changes in the courses/curricula offered or the teaching personnel listed in the catalog.

22. College Credit – Disclaimer Statement

Licensed private career schools offer curricula measured in clock hours, not credit hours. Certificates of completion, i.e., school diplomas, are issued to students who meet clock hour requirements. The granting of any college credit to students who participated in and/or completed a program at a licensed private career school is solely at the discretion of the institution of higher education that the student may opt to subsequently attend.

23. Statement

The failure of a student to notify the director in writing of withdrawal may delay refund of tuition due to pursuant to Section 5002 of the Education Law.

24. Student Disclosure Pamphlet (Student Rights)

Information for Students **Student Rights**

Schools are required to give this disclosure pamphlet to individuals interested in enrolling in their school.

What is the purpose of this pamphlet?

All prospective and enrolled students in a non-degree granting proprietary school are required to receive this pamphlet. This pamphlet provides an overview of students' rights

with regard to filing a complaint against a school and accessing the tuition reimbursement fund if they are a victim of certain violations by the school.

Licensed private career schools which are licensed by the New York State Education Department are required to meet very specific standards under the Education Law and Commissioner's Regulations. These standards are designed to help insure the educational appropriateness of the programs which schools offer. It is important for you to realize that the New York State Education Department's Bureau of Proprietary School Supervision closely monitors and regulates all non-degree granting proprietary schools. The schools are required to have their teachers meet standards in order to be licensed by the Department. Schools are also required to have their curriculum approved by the New York State Education Department, at minimum, every four years, thereby helping to insure that all curriculum offered in the schools are educationally sound.

In addition, staff members of the Bureau of Proprietary School Supervision are often in the school buildings monitoring the educational programs being offered. The interest of the New York State Education Department is to ensure that the educational program being offered meets your needs and that your financial investment is protected.

The New York State Education Department's Bureau of Proprietary School Supervision wishes you success in your continued efforts to obtain the necessary skill training in order to secure meaningful employment. In addition, Bureau staff will continue to work with all the schools to help insure that a quality educational program is provided to you.

Who can file a complaint?

If you are or were a student or an employee of a Licensed Private Career School in the State of New York and you believe that the school or anyone representing the school has acted unlawfully, you have the right to file a complaint with the New York State Education Department.

What can a student or employee complain about?

You may make complaints about the conduct of the school, advertising, standards and methods of instruction, equipment, facilities, qualifications of teaching and management personnel, enrollment agreement, methods of collecting tuition and other charges, school license or registration, school and student records, and private school agents.

How can a complaint be filed by a student or employee?

You should try to resolve your complaint directly with the school unless you believe that the school would penalize you for your complaint. Use the school's internal grievance procedure or discuss your problems with teachers, department heads, or the school director.

We suggest that you do so in writing and that you keep copies of all correspondence to the school. However, the school cannot require you to do this before you file a complaint with the New York State Education Department. If you do file a complaint with the Department, please advise the Bureau of any action that you have taken to attempt to resolve your complaint.

The steps you must take to file a complaint with the New York State Education Department are:

1. Write to the New York State Education Department at 116 West 32nd Street, 5th Floor, New York, New York 10001, or telephone the Department at (212) 643-4760, requesting an interview for the purpose of filing a written complaint. Bring all relevant documents with you to the interview, including an enrollment agreement, financial aid application, transcripts, etc. An investigator from the Department will meet with you and go through your complaint in detail.
2. If you cannot come for an interview, send a letter or call the office to request a complaint form. You must complete and sign this form and mail it to the office. Please include with it copies of all relevant documents. You should keep the originals. You must file a complaint within two years after the alleged illegal conduct took place. The Bureau cannot investigate any complaint made more than two years after the date of the occurrence.
3. The investigator will attempt to resolve the complaint as quickly as possible and may contact you in the future with follow-up questions. You should provide all information requested as quickly as possible; delay may affect the investigation of your complaint. When appropriate, the investigator will try to negotiate with the school informally. If the Department determines that violations of law have been committed and the school fails to take satisfactory and appropriate action then the Department may proceed with formal disciplinary charges.

What is the Tuition Reimbursement Fund?

The Tuition Reimbursement Fund is designed to protect the financial interest of students attending non-degree proprietary schools. If a school closes while you are in attendance, prior to the completion of your educational program, then you may be eligible for a refund of all tuition expenses which you have paid. If you drop out of school prior to completion and you file a complaint against the school with the State Education Department, you may be eligible to receive a tuition refund if the State Education Department is able to provide factual support that your complaint is valid and to determine that there was a violation of

Education Law or the Commissioner's Regulations as specified in Section 126.17 of the Commissioner's Regulations. To file a claim to the Tuition Reimbursement Fund, you must first file a complaint with the State Education Department at the address included in this pamphlet. The staff of the State Education Department will assist you in the preparation of a tuition reimbursement form (a sample of this form should have been provided to you upon enrollment).

What is the tuition refund and cancellation policy?

All schools must have a tuition refund and cancellation policy for each program included in the catalog and in the student enrollment agreement.

Read and understand the school's policy regarding tuition refund and cancellation before you sign the enrollment agreement. If you do not understand it, or are confused by the school's explanation, get help before you sign. You may ask for assistance from the Department at the address included in this pamphlet.

What should students know about "private school agents?"

Private School Agents are employed by schools for the purpose of recruiting or enrolling students in the school; they are not school counselors. Private school agents cannot require a student to pay a placement or referral fee. Each school agent must be licensed by the New York State Education Department, must have an Agent identification card and must be a salaried employee of the school. School agents who cannot show an Agent Identification Card are breaking the law if they try to interest students in enrolling in a particular school or group of schools. The name(s) of the agent(s) who enrolled a student must appear on that student's enrollment agreement. Therefore, you should write down the name of the agent who talked to you. Each student will be required to confirm the name(s) of the agent(s) when signing the enrollment agreement. A full refund shall be made to any student recruited by an unlicensed private school agent or even by a licensed agent if there is evidence that the agent made fraudulent or improper claims. To find out if you are eligible to receive a refund, you must follow the complaint procedures included in this page.

What should students know about "grants and guaranteed student loans"?

A grant is awarded to a student based on income eligibility, and it does not need to be repaid (for example, New York State Tuition Assistance Program (TAP) grants or Pell grants provided by the federal government).

Guaranteed student loans are low interest loans provided under the Federal Guaranteed Student Loan Program. The decision to apply for such a loan is yours--the school cannot require that you apply for a loan. You should understand that if you pay school tuition with money loaned to you from a lender you are responsible for repaying the loan in full, with interest, in accordance with the terms of the loan agreement. A failure to repay the loan can hurt your credit rating and result in legal action against you. Even if you fail to complete your educational program, you are still responsible for repaying all of the money loaned to you.

It is your right to select a lender for a guaranteed student loan. The school cannot require you to apply to a particular lender or lending institution. However, the school can recommend a lender, but if it does, the school must also provide you with a statement about your right and ability to obtain a loan from another lender and the insurance premiums

charged on these loans. Read and understand all the information and applications for financial aid grants and loans before signing.

Where can students file a complaint, file a claim to the tuition reimbursement fund, or get additional information?
